## YARD WASTE Q & A

### **1. What is the yard waste program?**

The program is to help residents maintain their yards on a small scale; like the removal of grass clippings, trimmings, small fallen twigs/branches. This is not to supplement services like tree removal or major tree trimming.

### **2. Do I really need a container?**

Yes. Request a bin from the Town of Smyrna OR use a personal container if it has a solid metal bar on the front for collection tipping and does not exceed 96-gallons.

### **3. Can I leave yard waste outside of the container?**

No. The town has a rear-loading truck to improve collections. Everything has to be in the container for collection. You can use biodegradable bags if needed, and then place the yard waste in the container.

### **4. How often is yard waste collected?**

Collection is weekly, Monday-Wednesday (excluding holidays), from early Spring to mid-Fall. The town is split into three (3) districts and the schedule and map can be viewed on the website.

### **5. Are all residents eligible for collection?**

No. Yard waste collection is limited to residential homes where trash/recycling is also charged.
